In-Home Lessons & Travel

Travel is included within a 20-minute drive from Baldwin. Longer drives carry an additional surcharge, discussed and confirmed before booking and paid in advance. This applies to the \$30 introduction, individual lessons, and packages. Travel arrangements account for location, time of day, and traffic.

Online Lessons

Online lessons follow the same individual and package rates. No travel surcharge or additional platform fee applies.

Payment & Scheduling

Clear arrangements, with room for life's changes.

Payment in Advance

The introductory lesson is paid when booked. Individual lessons must be paid in full before the lesson begins. Packages must be paid in full before the first lesson in the package. Any agreed travel surcharge is also payable in advance.

Starting Your Package

The first lesson date and intended lesson schedule are agreed before payment. The first lesson must be scheduled within 14 days of purchase, unless a later start is agreed beforehand.

The completion window begins on the scheduled first lesson date. Rescheduling does not automatically restart the window. If the studio delays the start, the deadline will be adjusted accordingly.

Package Completion Windows

Package	Use within
3-Lesson Starter	5 weeks
4-Lesson Block	6 weeks
6-Lesson Block	9 weeks
8-Lesson Extended Block	12 weeks
15-Lesson Semester Package	20 weeks

Flexibility & Extensions

I understand that life gets busy. Family emergencies, illness, vacations, and other circumstances may affect your lesson schedule. If you need more time, please contact me as early as possible so we can discuss an extension and arrange the remaining lessons, subject to availability.

Extensions are agreed individually. The 20-week semester-package window also allows room for breaks, with additional extensions available by agreement.

Written Confirmation

Extensions, revised completion deadlines, and return dates will be confirmed by email or text so both the student or family and the studio have the same understanding.

Cancellations & Lesson Credit

Please review these arrangements before booking and payment.

Cancellation & Rescheduling

Situation	Arrangement
At least 24 hours' notice	Reschedule at no additional charge, subject to availability.
Less than 24 hours' notice	The prepaid lesson counts as used. For a package, one lesson is deducted.
Missed lesson / no-show	The prepaid lesson counts as used. For a package, one lesson is deducted.
Sudden illness or genuine emergency	Considered individually. The charge may be waived and a makeup lesson arranged.
Studio cancellation	Reschedule at no additional charge and without loss of lesson credit. Package deadlines are extended when needed.

These rules also apply to the introductory lesson. With at least 24 hours' notice, its payment may be transferred to a rescheduled introduction. Late cancellations and missed introductions are nonrefundable, subject to the emergency and illness exceptions above.

Unused Lessons & Credit

If you choose to discontinue lessons, unused prepaid lessons remain available as lesson credit rather than a cash refund. Contact me to arrange a return date and an agreed deadline for completing the remaining lessons. Scheduling is subject to availability; return dates and extensions are confirmed by email or text.

Lessons already taught, and late cancellations or missed lessons counted as used under this policy, are not eligible for credit.

If the Studio Needs to Pause

For a temporary interruption, we will arrange replacement dates and extend package deadlines as needed. If the studio cannot provide the remaining lessons within a reasonable, mutually agreed timeframe, the unused portion will be refunded.
